

**World Ophthalmology Congress Virtual® promotional video to send by email to society members and to post on the society web site:**

**World Ophthalmology Congress Virtual® 26-29 June 2020**

Join us for the first ever online global gathering in ophthalmology! This exciting personalized educational opportunity will include live keynote sessions, online question and answers, over 2000 talks from world experts, a virtual industry exhibition and access to all sessions for 3 months. Delegates can join this exceptional online experience and claim CME points while learning from home, at their own pace and take advantage of reduced registration fees starting at 85 USD.
