

Dear colleagues,

Bringing together numerous experts in the field of glaucoma, the Glaucoma Codes International Symposium has become an important source of education and networking of ophthalmologists within Croatia and neighboring countries, which has grown into a traditional WGW event.

Following the guidelines and standards of the EGS, we are organizing **the 9 International Glaucoma Codes Symposium in cooperation with the European Glaucoma Society (EGS)**. The topics of the symposium will be focused on our everyday problems and dilemmas in the diagnosis, monitoring and treatment of glaucoma. We will discuss practical solutions through lectures, panel discussions and **Quiz**. Active participation in the Quiz will give you the opportunity to win valuable prizes.

We welcome you to a morning coffee with experts on March 16, 2024 at the Hilton Garden Inn, Zagreb.

On Behalf Organizers

Prof. Mia Zorić Geber, MD, PhD

President of Glaucoma Group of Croatian Ophthalmological and Optometric Society,
Head of Glaucoma Referral Center, Ministry of Health of the Republic of Croatia
