## **11<sup>th</sup> INTERNATIONAL SYMPOSIUM GLAUCOMA CODES**

HELD UNDER THE SCIENTIFIC AND PROFESSIONAL GUIDANCE OF THE

GLAUCOMA REFERRAL CENTER OF THE MINISTRY OF HEALTH OF  
THE REPUBLIC OF CROATIA

AND THE

GLAUCOMA SECTION OF THE CROATIAN OPHTHALMOLOGICAL AND  
OPTOMETRIC SOCIETY

IN COLLABORATION WITH THE  
EUROPEAN GLAUCOMA SOCIETY (EGS)

**MARCH 6 - 7, 2026**

---

**Poštovane kolegice i kolege,**

ovogodišnji simpozij posvećen je **6. izdanju** priručnika **Terminologija i smjernice za glaukom** Europskog glaukenskog društva (EGS). Uz podršku EGS-a i autora Smjernica EGS-a te istaknutih domaćih i međunarodnih stručnjaka, program simpozija usmjeren je na ključne preporuke iz najnovijeg izdanja Smjernica EGS-a i na njihovu praktičnu primjenu u svakodnevnom kliničkom radu.

Simpozij se održava u godini u kojoj **Klinika za očne bolesti KBC-a Sestre milosrdnice obilježava 20. godinu djelovanja kao Referentni centar za glaukom Ministarstva zdravstva Republike Hrvatske**, nastavljajući tradiciju stručnog rada dugu gotovo sedam desetljeća. Od osnivanja prvog glaukenskog kabineta 1956. godine, Klinika je imala važnu ulogu u edukaciji generacija oftalmologa i u razvoju standarda dijagnostike i liječenja glaukoma u Hrvatskoj.

Obilježavanje ove obljetnice prilika je da ove Smjernice EGS-a, koje oblikuju europsku glaukenskku praksu, postanu dostupne i u **hrvatskom prijevodu, a sudionicima simpozija bit će uručene za potporu u svakodnevnim kliničkim odlukama.**

**Dear Colleagues,**

This year the symposium is dedicated to the **6<sup>th</sup> Edition of the Terminology and Guidelines for Glaucoma published by the European Glaucoma Society**. With the support of EGS and the authors of the 6<sup>th</sup> edition of the EGS Guidelines, and distinguished national and international experts, the programme focuses on the key recommendations of the latest EGS Guidelines and their practical implementation in everyday clinical work.

The symposium takes place in the year marking **20 years of activity of the Department of Ophthalmology at Sestre milosrdnice University Hospital Centre as the Croatian Referral Centre for Glaucoma**, continuing a professional tradition spanning almost seven decades. Since the establishment of the first glaucoma clinic in 1956, the Department has played an important role in the education of generations of ophthalmologists and in the development of diagnostic and treatment standards for glaucoma in Croatia.

The celebration of this anniversary provides an opportunity to make the EGS Guidelines that define European glaucoma practice available in a **Croatian edition, and each symposium participant will receive a copy** as support for everyday clinical decision-making.

**Prof. Mia Zorić Geber, MD, PhD**
