Practical Neuro-ophthalmology Course

Ljubljana, Slovenia | July 2-3, 2027

Date July 2-3, 2027

Welcome reception on July 1, in the evening

Location Cankarjev dom, Ljubljana, Slovenia

Hosted by Section of Neuroophthalmology, Slovenian Society of Ophthalmology

Join us in Ljubljana for a comprehensive two-day Practical Neuro-Ophthalmology Course organized under the auspices of the European Neuro-Ophthalmology Society (EUNOS).

Designed for residents, fellows, and early-career specialists in ophthalmology and neurology. The course provides an up-to-date and clinically relevant overview of neuro-ophthalmology. Participants will gain practical insights into the diagnosis and management of common neuro-ophthalmic disorders through expert-led lectures, interactive case discussions, and hands-on workshops.

The program emphasizes a symptom-based approach and focuses on translating current knowledge into everyday clinical practice. Attendees will have the opportunity to learn from leading European experts and exchange experiences with colleagues from across the continent.

Local organiser Asst.Prof. Martina Jarc Vidmar, Prof. Marko Hawlina
Eye Department, University Medical Centre Ljubljana, Slovenia

Further information and registration details will be available on the EUNOS website.

We look forward to welcoming you to Ljubljana in 2027!
